Goals and Agenda

Goals:

- To develop long-term mutually beneficial relationships between experienced business leaders and motivated emerging professionals.

- Protégés will graduate from the Program with a strategic plan for their personal success.

Protégé Portfolio:

As each protégé progresses through the program, they will develop a portfolio of personal assignments that will serve as a guide to their program experience and personal growth. The portfolio will be an essential tool to provoke internal assessment and insightful discussion within the mentor pairing. The written aspect will encourage productive reflection and provide each protégé with a reference for the lessons learned and conversations had with their mentors after the program concludes. Protégés will be asked to complete assignments for review and discussion with their mentor during their regular meetings and will be prompted each month with the tasks to be completed.

The assignments are only for the benefit of the participant and will not be evaluated by anyone else. As a result, you are accountable only to yourself and your mentor. We recommend that you email your assignments to your mentor several days before your meeting, so they have ample time to review and prepare. A hard copy should also be brought to your meeting.

Program Schedule:

There will be four quarterly events that we encourage mentors and protégés to attend:

Assignment # 5
Community Involvement

1. Discuss community involvement.

What does community involvement mean to you? Discuss what each of you are active in throughout the community. Discuss why you are active in those organizations or groups. If you are not active and are interested in becoming active, discuss what it would take to get involved with an organization. Some additional points of discussion could include:

- What motivates you to volunteer your time (types of charities or activities)?
- Are there organizations you already know that you would like to get involved with?
- What is your capacity to serve an organization?
- How do you get involved, and what is the next step?

For discussion purposes, here are some examples for getting involved:

- Nonprofit volunteer
- Charity event volunteer
- Coaching for local schools
- Rotary clubs
- Volunteering at community centers
- Participating in a charity event
- Volunteer at a church
- For those more established in their career arc, perhaps joining a board of directors

*There is an annual Nonprofit Fair that Emerging Leaders of Tampa Bay host. Please consider attending to find out more information on local nonprofits and how you can get more involved.

Consider speaking with Chamber staff if there is a nonprofit you want to get involved with and you do not have a connection to that organization.

2. Join an organization or volunteer for an event.
If possible, attend an organization’s meetings or events. If your mentor is a board member for a nonprofit, consider joining them for a meeting and learning how those meetings are run. Discuss with your mentor how you can engage with the community. Emerging Leaders of Tampa Bay will host a volunteer event for the Protégé program in the summer that will allow you to work alongside your mentor in the community (if the above suggestions are not possible). Please note that due to COVID-19, the summer volunteer event has been postponed.
